

RUPAYAN CHATTARAJ

Computer Science & Engineering Student

+91 8918158588 | rupayanchattaraj@gmail.com | GitHub | Portfolio | LinkedIn
Vellore, Tamil Nadu, India

Professional Summary

Computer Science student at VIT Vellore and self-taught full-stack developer experienced in building AI-integrated web applications, computer-vision systems, and backend services using Python, Flask, and JavaScript. Skilled in Groq and Gemini API integration, responsive web development, REST APIs, and end-to-end deployment. Strong foundation in Data Structures and Algorithms with consistent LeetCode practice.

Education

Vellore Institute of Technology (VIT), Vellore B.Tech in Computer Science and Engineering – CGPA: 8.74/10 (through 4th semester)	<i>Expected Graduation: 2028</i>
DAV Model School, Durgapur, West Bengal Higher Secondary Education – Percentage: 89%	<i>Class XII – 2024</i>
DAV Model School, Durgapur, West Bengal Secondary Examination – Percentage: 93.2%	<i>Class X</i>

Interests

Solo Traveling | Competitive Sports | Competitive Programming | Independent Software Projects

Technical Skills

Languages: Java, Python, C, C++, JavaScript
Frontend: HTML5, CSS3, React.js
Backend: Node.js, Flask, EmailJS, REST APIs
Databases: MySQL, Oracle Database 21c, SQL*Plus, PL/SQL
AI & Computer Vision: OpenCV, MediaPipe, Groq API, Gemini API
Tools: Git, GitHub, VS Code, Postman, Render, Netlify
Core: Data Structures & Algorithms, RESTful API Design, Full-Stack Architecture

Projects

Rusho.Bot – AI-Powered Virtual Assistant - Engineered a full-stack AI assistant integrating Groq and Gemini APIs for text and voice interaction. - Developed ten AI modules including Resume Analyzer, Code Reviewer, Quiz Generator, PDF Chat, and Translator. - Built a responsive chat interface with model selection and real-time responses; deployed on Render.	<i>Python, Flask, Groq API, Gemini API, JavaScript</i>
Wavify – Music Streaming Web Application - Developed a responsive music streaming application with playlists, playback controls, and interactive UI. - Designed a modern user-focused interface with responsive layouts and smooth navigation.	<i>HTML, CSS, JavaScript</i>
Hand Gesture Controller – Touchless Input System - Built a real-time hand-tracking system enabling touchless computer interaction using computer vision. - Implemented gesture recognition using MediaPipe landmarks for accurate hand tracking.	<i>Python, OpenCV, MediaPipe</i>
Eye Pointer – Eye-Tracking Cursor Control - Developed an eye-tracking application enabling cursor control through facial landmark detection. - Implemented accessibility-focused hands-free computer interaction.	<i>Python, OpenCV, MediaPipe</i>

Internship Experience

Technook – Web Development Intern - Worked on responsive web interfaces and practical web development tasks using HTML, CSS, and JavaScript. - Developed, tested, debugged, and improved web-based application components.	<i>Web Development</i>
--	------------------------

Certifications

- Microsoft Azure Fundamentals (AZ-900) Cert Prep: 1 Cloud Concepts** – Microsoft Press, LinkedIn Learning.
- The Cybersecurity Threat Landscape** – LinkedIn Learning.
- Ethical Hacking: Wireless Networks** – LinkedIn Learning.

Achievements

- Built and deployed multiple AI-powered and full-stack applications independently.
- Regularly solve Data Structures & Algorithms problems on LeetCode.
- Actively participate in hackathons and continuously develop skills in AI, Computer Vision, and modern web technologies.
