

RUPAYAN CHATTARAJ

Computer Science Engineering Student

+91 8918158588 | rupayanchattaraj@gmail.com

GitHub | Portfolio

Professional Summary

Computer Science Engineering student at VIT Vellore with strong foundations in software development, programming, and problem-solving. Experienced in AI assistants, computer vision applications, and responsive web development. Skilled in Java, Python, C++, JavaScript, React.js, Flask, OpenCV, MediaPipe, Gemini API, and Groq API. Interested in Artificial Intelligence, Computer Vision, Full-Stack Development, and Software Engineering.

Education

Vellore Institute of Technology (VIT), Vellore

B.Tech – Computer Science and Engineering

Expected 2028

CGPA: 8.74/10.0

DAV Model School, Durgapur, West Bengal

Higher Secondary Education

2024

Score: 89%

Hobbies

Solo Travel | Sports | Coding

Technical Skills

Programming: Java, Python, C, C++, JavaScript **Frontend:** HTML5, CSS3, React.js

Backend: Node.js, Flask, EmailJS **Database:** MySQL, Oracle SQL Plus (21c)

AI & Computer Vision: OpenCV, MediaPipe, Gemini API, Groq API

Tools: Git, GitHub, VS Code, Postman, Render, Netlify

Projects

Rusho.Bot – AI Virtual Assistant

Python, Flask, Groq API, Gemini API

- Built an AI assistant supporting voice and text interaction using Groq and Gemini APIs.
- Developed a responsive interface and deployed the application on Render.

Hand Gesture Controller

Python, OpenCV, MediaPipe

- Built a real-time gesture recognition system enabling touchless computer interaction.
- Used MediaPipe landmarks for accurate hand tracking and gesture detection.

Eye Pointer

Python, OpenCV, MediaPipe

- Developed an eye-tracking application for cursor control using facial landmarks.
- Implemented precise eye movement tracking for accessibility-oriented interaction.

Wavify

HTML, CSS, JavaScript

- Developed a responsive music streaming application with playlists and playback controls.
- Designed a clean and user-friendly web interface.

Internship Experience

Teachnook

Web Development Intern

- Worked on responsive web interfaces and practical web development tasks using modern technologies.
- Gained hands-on experience in developing and improving web-based applications.

Certifications

Microsoft Azure Fundamentals (AZ-900) Cert Prep: 1 Cloud Concepts – Microsoft Press, LinkedIn Learning

The Cybersecurity Threat Landscape – LinkedIn Learning

Ethical Hacking: Wireless Networks – LinkedIn Learning

Achievements

- Built and deployed multiple AI-powered and full-stack web applications.
- Regularly solve Data Structures and Algorithms problems on LeetCode.
- Continuously developing skills in AI, Computer Vision, and modern web technologies.

Areas of Interest

Artificial Intelligence | Computer Vision | Full-Stack Web Development | Software Engineering | Data Structures and Algorithms | Machine Learning

Soft Skills

Problem Solving | Analytical Thinking | Team Collaboration | Adaptability | Communication | Continuous Learning
